Company Profile

www.tur.com.co

TÜR at a Glance

TüR is formed with a goal of providing comprehensive solutions within Architectural Door Hardware, Automatic Door Operators, Landscape products and Water Disinfection systems.

Our team has a combined industry experience of over hundred years working on complex projects ranging from Health, Education, Military, Hospitality and Commercial sectors across the Middle East. Coupled with the firm's skills in managing increasingly intricate submittal and approval procedures, our approach ensures the client of quality services that are provided with the highest standards of technical support.

We look forward to building a long-term business relationship and assure you of our very best always.

AUTOMATIC
Medicare Doors

Automatic Medicare Door

Ideal for applications in conditioned spaces such as operating room, intensive care, X-ray room, pharmacy and emergency care. This door is very suitable for areas where safety, reliability and ease of use are self-evident. Medicare is the perfect balance between functionality, aesthetics and efficiency; an indispensable link in your business process.

Characteristics

- Door system has a sliding movement
- Door is finished completely flush
- Door system is airtight in accordance with ANSI / UL
- Door system is cold smoke resistant according to EN 1634-3
- Door system can be implemented radiation resistant
- Door system is noise reducing
- Door provides 100% freedom of design

Manual Madicare Door Operator

Ideal for applications in conditioned spaces such as operating room, intensive care, X-ray room, pharmacy and emergency care. This door is very suitable for areas where safety, reliability and ease of use are self-evident. Medicare is the perfect balance between functionality, aesthetics and efficiency; an indispensable link in your business process.

Characteristics

- Door system has a sliding movement
- Door is finished completely flush
- Door system is airtight in accordance with ANSI / UL
- Door system is cold smoke resistant according to EN 1634-3
- Door system can be implemented radiation resistant
- Door system is noise reducing
- Door provides 100% freedom of design

Intelligence
Automatic Medicare Door Operator

‘Human beings make mistakes. Because the systems, tasks and processes they work in are poorly designed.’
(PROF. Lucian leape, Harvard School of Public Health)

Intelligence combines uniform instructions and intuitive led- warnings on a high quality door system. Due to this improvement the door becomes an intelligent carrier of necessary information, which creates awareness and sustainable change of habits. It will have an impact on our safety.

Ideal for applications in conditioned spaces such as operating room, intensive care, X-ray room, pharmacy and emergency care. This door is very suitable for areas where safety, reliability and ease of use are self-evident.

Characteristics

- Door system has a sliding movement
- Door is finished completely flush
- Door system is airtight in accordance with ANSI / UL
- Door system is cold smoke resistant according to EN 1634-3
- Door system can be imple-mented radiation resistant
- Door system is noise reducing
- Door provides 100% freedom of design

Metaficient
Automatic Medicare Door

Ideal for use in areas such as bedrooms, storage and waiting areas. This door is very suitable for areas where safety, reliability and ease of use are self-evident. The Metaficient saves user space and is specifically designed for areas where intensive bed and wheelchair traffic takes place; an indispensable link in your business process.

Characteristics

- Door system has a sliding movement
- Door is finished completely flush
- Door system is noise reducing
- Door provides 100% freedom of design
